

Heartbeat

Gary Wright

I woke up early this morning,
Feeling a new side of my life.
The sun was shining,
You were on my mind.

Every time I think about you,
I feel so alive.
I wish I could hold on to you forever.

CHORUS:

'Cause when I feel my heartbeat,
I know love is near.
Something's got me going.
Something, something I can feel.
When I feel my heartbeat,
Ooo, I know my loves' alive.
Yes it's got me going.
Something, something sure feels fine.

You touch me like the moonlight,
Shining though a clouded night.
You draw me to ya,
I don't know why.

I can see it in your eyes,
Something you just realized.
I think we both share the same kind of feeling.

(Chorus)
(Instrumental)

I don't know where this is going,
Is it the real thing, or a dream?
I know there's magic, here with you and I.

I can see it in your eyes,
Something you just realized.
I think we both share the same kind of feelings.

(Chorus)

When I feel my heartbeat,
Ooo, I know my love is near.
Something's sure got me going,
Yes, I know it, I can feel.

When I feel my heartbeat,
Ooo, I know my loves alive.
Yes, it's sure got me going,
Something, something sure feels fine.
