

Not too long ago your daddy said you'd be coming soon
We all couldn't wait
Then on a sunny day in April you arrived
I really didn't know how I'd feel walking in that room
then when I saw you
I couldn't believe my eyes

Kirra Layne
Since you came I'll never be the same
Kirra Layne
Your little smile warms our hearts like sunshine, sunshine, sun
shine

Now when I hold you and look into your big blue eyes
I feel I knew you once before in the distant past of many lives
Your life lies ahead of you
An empty canvas waiting for your touch
And while you paint your masterpiece
Know I love you so much

Kirra Layne
Since you came I'll never be the same
Kirra Layne
Your little smile warms our hearts like sunshine, sunshine, sun
shine
Sunshine, sunshine, sunshine, sunshine, sunshine
