

More Than a Heartache

Gary Wright

Nothing I can say can take the place
Of how I feel for you inside
'Cause every time I look at you
The words just disappear into my eyes

Love is more than a heartache
Love is more than a broken dream
Love can't be so very high
Love is more than a heartache

You and I may disagree and all emotions may fly very high
But deep inside we're bound together
What we ask beyond the test of time

Love is more than a heartache
Love is more than a broken dream
Love can't be so very high
Love is more than a heartache
