

Power of Love

Gary Wright

I can see by the look in your face
That you're thinkin' of me
And the words that you say
It'll play you a sweet melody

Power of love flowing in me
Power of love glowing in me

I can hear what you tell me
You tell me your love isn't real
But it can't be until you realize
It's something you feel

Power of love flowing in me
Power of love glowing in me

I can feel somethings happening inside me
I cannot describe
And I don't know, it will come and go
I'm too high to drive

Power of love flowing in me
Power of love glowing in me
