

## Two Faced Man

Gary Wright

I've been grounded, I've been surrounded  
Just like a blind man I've been led  
I've been cheated, I've been mistreated  
I followed all the things he said

Can he see what he's done to me  
It's a crime, a dirty rotten shame  
Yes, I fell for his game  
I've been fooled by a two face man again

How he fooled me, he tried to rule me  
My mind was always ill at ease  
He misled me, he always fed me  
With schemes he'd hidden up his sleeve

I realized I believe his lies  
And I lost the forest for the trees  
It's been all such a shame  
I've been fooled by a two face man again

Guess he thinks that he's a shrewd man  
He concedes the dirt he spreads  
Stay away from him while you can  
Stay away while you are still ahead

I've been turned down and I've been pushed 'round  
I hate to think how I've been done  
How he used me, he did abuse me  
While all the time he had his fun

Now it's over, he's got his clover  
And I'm the same as I began  
For he is on a time

I've been fooled by a two face man again  
I've been fooled by a two face man again  
I've been fooled by a two face man again
