

# Who Am I

Gary Wright

Who am I? Where am I?  
Where am I coming from?  
I don't know  
How far will I go?

Many lives passing by  
All of them, once were mine  
I can tell there's strings like Heaven

I'm the same  
I'm headed out  
Searching for identity

Who am I? Where am I?  
Look what I've left behind  
Why grow?  
How far back must I go?

Who am I?  
I don't know  
I don't know, no
