

Forever Scarred

Gates of Ishtar

Take me, hold me
In your palms I feel so calm
Clean me, erase me
Heal my wounds and remove my filth
Empty, soulless
My heart of stone so ashen cold
Tearing, burning
The years of pain I can't forget

Forever scarred

Come, share my pain
Stare into my eyes
Never close the door on me
Run, share my hate
Feel my wrath inside
Never come too close to me

Wake me, shake me
From this nightmare, my own hell
Touch me, clutch me
Tear my mask, my veil of lies
Feel me, be me
I'm the blood inside your veins
Show me, guide me
Help me find my way back home
