

Awaken

Gemini Syndrome

I've been holding onto this my whole life
It's such a perfect blasphemy
All the secrets that I hide
And all the rules that I abide by
Aren't worth enough to set me free

But I try to pretend
That I can keep the

Daylight
It's just too bright for me
I won't compromise
If it's my demise
You don't have the eyes

Awaken
Just to fall asleep
You have crossed the line
It's a grand design
And now it's time to awaken

Yeah it's time to awaken
Now it's time to awaken

I am just a little creature crawling
Trying to find a place where I belong
No one sees the beauty in me
And no one gives a shit about me
I think you'd like it if I died

It's an everlasting trial
But I can see the

Daylight
It's just too bright for me
I won't compromise
If it's my demise
You don't have the eyes

Awaken
Just to fall asleep
You have crossed the line
It's a grand design
And now it's time to awaken

Now it's time to awaken

You don't have the eyes to see
What's living inside of me
You don't know what I could be
It's just an atrocity

It's an everlasting trial
But I can see the

Daylight
It's just too bright for me

I won't compromise
If it's my demise
You don't have the eyes

Awaken
Just to fall asleep
You have crossed the line
It's a grand design
And now it's time to awaken

You don't have the eyes to see
What's living inside of me
You don't know what I could be
It's just an atrocity

I'll die with a smile on my face
