

# Die With Me

## Gemini Syndrome

Whoa whoa  
Whoa whoa, Lord  
Whoa whoa  
Whoa whoa, Lord

I hear you breathing  
I hear you think  
I hear the meaning that's hiding underneath  
I feel the essence  
I fill the void  
I feel the hunger that's growing inside

Whoa whoa  
I'd like the God in you to meet the God in me  
Whoa whoa  
You plus me equals 23

Hallelujah  
Are you able to be my sinner and my savior?  
Come die with, die with me  
Holy altar on your table  
I am here alive and able  
Come die with, die with me

Whoa whoa  
I'd like the God in you to meet the God in me  
Whoa whoa  
I'd like the God in you to meet the God in me

I feel the pressure  
I see the spark  
I see your energy overcome the dark  
I am a servant  
I'm on my knees  
Is that your shadow enveloping me

Whoa whoa  
I'd like the God in you to meet the God in me  
Whoa whoa  
You plus me equals 23

Hallelujah  
Are you able to be my sinner and my savior?  
Come die with, die with me  
Holy altar on your table  
I am here alive and able  
Come die with, die with me

We're like the moon and the sun  
We're like a zero and a one  
Come die with me  
Die with me  
Is this the pleasure or the pain?  
Is it the acid or the rain?  
Come die with me  
Die with me

Hallelujah  
Hallelujah  
Hallelujah  
Hallelu...  
Hallelu...

Hallelujah  
Are you able to be my sinner and my savior?  
Come die with, die with me  
Holy altar on your table  
I am here alive and able  
Come die with, die with me
