

Sick of myself  
Myself  
Sick of myself  
Myself

Sick of myself my world my life  
Get out of my way  
This truth can't lie

I stop myself  
Every second I try  
Every minute of time is an hour I die

Sick of myself my world my life  
Get out of my way  
This truth can't lie

I stop myself  
Every second I try  
Every minute of time is an hour I die

Heaven disowned me  
The Enemy is Everywhere
