

Dream For Sale

Gene Pitney

She told me there was no one else like the rumors say
but I saw her in the show with him just the other day
How could she do it, where did I fail
Hey Hey Hey Hey anybody want a dream
I got a dream for sale
I can't keep myself from crying when I think that I
have loved a girl who's every other word was just a lie
How could she do it, where did I fail
Hey Hey Hey Hey anybody want a dream
I got a dream for sale
A dream of love, that was worth a million
maybe 2 or maybe 3
but now it's not worth a dime
ah no you don't, Oh no you don't love me
so I guess I'll keep on trying as I think of how
I always use to kiss those lips He's kissing now
How could she do it, where did I fail
Hey Hey Hey Hey anybody want a dream
I got a dream for sale
Short Instrumental
How could she do it, where did I fail
Hey Hey Hey Hey Hey anybody want a dream
I got a dream for sale
fading
Hey anybody want a dream
I got a dream for sale
anybody want a dream
I got a dream for sale
