

Whatever Turns You On

Gene Simmons

Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)

Well who else would I be (a-ha, a-ha)
If I lost this dark side of me (no, no, no, no)
You know damn well
You'll never change me
I wouldn't be any good (say what)
If you could take away all this pain
I really do think you should

Well if you keep it strong, and I'll keep it up (yeah, yeah)
Whatever turns you on, turns you on
And if you set it straight, I will not hesitate
Whatever turns you on, turns me on

Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)

So you've been walking around in an haze for days and days and days
Ever since you kicked me out of your bed you've be in some kind of ha
ze
How can you feel how you feel how you feel and feel that you're feeli
ng good
I know you know what I'm saying
You know I know we can keep it up all night

And if you keep it strong, and I'll keep it up (yeah, yeah)
Whatever turns you on, (hey) turns you on
And if you set it straight, I will not hesitate
Whatever turns you on, (hey) turns me on

Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)

So you've been walking around in an haze for days and days and days
Ever since you kicked me out of your bed you've be in some kind of ha

How can you feel how you feel how you feel and feel that you're feeli

And if you keep it strong, and I'll keep it up (yeah, yeah)
Whatever turns you on, (hey) turns you on
And if you set it straight, I will not hesitate
Whatever turns you on, (hey) turns me on

Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (whoo-ooh)
Whatever turns you on, turns me on, hey (oh yeah)
