

# Teardrops

George Ducas

Teardrops on my window just like raindrops fallin' down from my  
eyes  
Teardrops on my pillow they're everywhere i go since you said g  
oodbye

Everyday i make my way across this lonely room  
I pull back the shades and all i see are blue skies  
Without you here it's stormy weather and even the sun can make  
me cry  
Teardrops on my window...  
Every night i try to fight back your mem'ry try as i might ever  
ytime i lose  
When i lay down well that's when heartaches come around i reali  
ze it's just no use  
Teardrops on my window...  
They're everywhere i go since you said goodbye
