

Bottom of the Sea

George Thorogood

I been all around the world
Don't nothin' bother me
I been all around the world
Don't nothin' bother me
You know I've seen everything baby
Everything but the bottom of the sea

Lots of pretty women
Ya know they can be mighty sweet
I'm so glad, I'm so glad
No woman bother me
Ya know I've seen everything baby
Everything but the bottom of sea
Goin' into my daily lock up
Don't you wake me til half past three
Don't bother me
Goin' into my daily lock up
Don't you wake me til half past three
Ya know I've seen everything baby
Everything but the bottom of the sea

Lots of pretty women
Yeah, they can be mighty sweet
I'm so glad, I'm so glad
No woman bother me
Ya know I've seen everything baby
Everything but the bottom of the sea

Been all around the world
Don't nothin' bother me
Been all around the world
Don't nothin' bother me
Ya know I've seen everything baby
Everything but the bottom of the sea
Ya know I've seen everything little girl
Everything but the bottom of the sea
