

## Gear Jammer

George Thorogood

Running my rig around ninety-five,  
Rockin' and rollin' in overdrive  
My heart's beating like a jackhammer,  
It's the midnight ride for the gear jammer

Nine long days through twenty-three states,  
I gotta see my baby soon you know I just can't wait  
The police catch me I'll end up in the slammer,  
'Cause the law don't want no gear jammer

Running my rig in a mighty high gear,  
I don't care where I go just long as it ain't here  
Something gets in my way you know I'm gonna ram it,  
Nobody fools around with this gear jammer

Running my rig about ninety-five,  
I'm a-rockin' and a-rollin' in overdrive  
My heart's beating like a jackhammer,  
Don't you get in the way of this gear jammer
