

# Already Missing You

Gerald Levert

Aw girl, what's up? Aw, not again  
So you're packin' your bags  
And you're leaving? But that ain't right  
You need to stay awhile, think about it  
But wait a minute, before you go

There's just one thing I want you to know

We both agree that this love  
Ain't what it used to be, we just grew apart  
I got nothin' but love for you, baby  
Girl, you'll always be my heart  
It's gonna to be strange living without you

Ain't felt so empty before, no  
See, I miss your smile  
And even your fussin'  
When I left my clothes on the floor  
Oh, baby, say now

I'm gonna miss your face  
I'm gonna miss your moods  
I'm gonna miss makin' love to you

And even though you haven't gone yet  
I'm already missing you  
I'm already missing you

It's hard to say goodbye  
But things will be better  
You go your way and I will go mine

Let's keep in touch  
Let me know how you're doing  
Girl, things will change in time

Don't want you to leave  
Keep sayin' I'm sorry  
But I guess I'm repeating myself

Girl, you know I'm here  
When you need a shoulder  
I can't see you in the arms  
Of someone else, oh baby

I'm gonna miss your face  
I'm gonna miss your moods  
I'm gonna miss makin' love to you

I'm gonna miss your face  
I'm gonna miss your moods  
I'm gonna miss makin' love to you

I'm gonna miss your face  
I'm gonna miss your moods  
I'm gonna miss makin' love to you

I'm gonna miss your face  
I'm gonna miss your moods  
I'm gonna miss makin' love to you
