

# Outsiders

Gerry Cinnamon

Dark outside  
I got some bright ideas  
I got a fire like a midday sun  
And it burns inside  
I wouldn't pay no mind  
To your opinion even if you had one

Cause I spend my time  
Standing on the outside  
I don't wanna come in  
Cause beneath this smile  
I'm dying on the inside  
I don't care if I win

It's a sin

Spend my time

Outside in  
I spill my guts again  
I cut my heart out in a piss stained field  
While you scream don't shout  
Till I believe again  
My heart is open  
But my fates still sealed

Cause I spend my time  
Standing on the outside  
I don't wanna come in  
Cause beneath this smile  
I'm dying on the inside  
I don't care if I win

It's a sin

Spend my time

Cause I spend my time  
Standing on the outside  
I don't wanna come in  
Cause beneath this smile  
I'm dying on the inside  
I don't care if I win

Cause I spend my time  
Standing on the outside  
I don't wanna come in  
Cause beneath this smile  
I'm dying on the inside  
I don't care if I win

I don't care if I win  
I don't wanna come in  
I don't care if I win

I don't wanna come in
