

Prisoner Of Love

Giant

First time offender, looking down the barrel of a gun
I surrender, nowhere to hide, nowhere to run
I've been convicted of crimes of passion
And I'm stuck inside this wall
I got no compassion, got no one to call

No escaping, I've got nowhere to turn
I played with fire and I guess I got burned

I am, I am, a prisoner of love
I am, I am I'm a slave under your spell
I am, I am, I'm a prisoner of love
Prisoner of love

Why do you haunt me in every dream while I'm asleep?
Don't you want me, I fall apart, oh can't you see
I am addicted, baby, I need a shot of you
I think I'm drowning, are you playing me for a fool?

No escaping, I've got nowhere to turn
I played with fire and I guess I got burned

I am, I am, a prisoner of love
I am, I am I'm a slave under your spell
I am, I am, I'm a prisoner of love
Prisoner of love

I am, I am, a prisoner of love
I am, I am I'm a slave under your spell
I am, I am, I'm a prisoner of love
Prisoner of love
