

DENIAL

Gideon

Denial

You hold the gun
Pull back the hammer
Press it against your head
Asking god to pull the trigger

Taking shots in the dark

Pass it around, pass it around
Till we all fall, till we fall down
I wanna help you but I don't know how
Cause I'm lost in the dark, and your head's in the clouds
The reaper is on your back
It's time to wake the fuck up

You will live and die by the book

This hell won't take you to heaven
Hypnotized by the lies, got you under a spell
This hell won't take you to heaven
An obsession, you deny, can't you see you're in

Denial

All give no take
Now you're giving your life away
Take away the one that built me up
Nah, I'm not leaving you behind

Bounce back if you're listening
Come to, so I can pull you in

This hell won't take you to heaven
Hypnotized by the lies, got you under a spell
This hell won't take you to heaven
An obsession, you deny

Oh

Yeah
Can you feel the end
Can't you see you're in
Denial
