

Best Pussy

Giggs

I wanna drop it like
I'm not just local. Try across the coastal
They know who it is from I dropped the vocal
If I drop my trousers and we got emotional
Would you do the type of shit that you're not supposed to?
My big dick, that's a lot to go through
She don't want that Dragon Ball Z, she's had enough of Goku
That raw meat. Had enough of tofu
Cause I'm that nigga she got up and spoke to

She got the best pussy. Bring it back for me
Oh my God that's blasphemy
Make it clap for me. React for me
When I'm inserting, open the flaps for me
Blow my sax for me. Stroke my sack for me
Just let go. Collapse on me
Baby, relax on me
Got every chick thinking, "Wow, he made that track for me"

She got the best pussy
The Best pussy

All over my pussy hands
