

# Can't Get You Out Of My Mind

Gilbert O'Sullivan

You know what's right baby, I know what's wrong,  
Turn off that light baby and I'll turn you on,  
There's no denying and I've got to concede,  
You're casting a spell of some kind,

It's breaking my heart every time we're apart,  
I just can't get you out of my mind,  
Don't be like that baby, be like you are,  
Don't wear that hat baby, it looks like a scarf,

People go hungry for something to eat,  
It happens I'm told all the time,  
I don't know for a fact, all I do know is that  
I just can't get you out of my mind

We'll make the headlines as the world's greatest pair,  
Taylor and Burton they had better beware,  
We'll make each other happy, too,

Don't say you don't think so,  
Don't make me have to go,  
Don't leave me in a spin,  
Make me your everything, everything, everything,

You'd make a man like so happy, I know,  
And I'd do my best to make you happy also,  
For we'd make each other happy, too,

Don't say you don't think so,  
Don't make me have to go,  
Don't leave me in a spin,

Make me your everything, everything, everything,  
Where there's a will, there must be a way,  
Where there's a match on, what can I say,  
Two things mean more to me than anything else,

And both are just one of a kind,  
When were playing away, even during a game,  
I just can't get you out of my mind,  
No matter what you say, no matter what you do,  
There's got to be a way, a way to get to you.
