

## Miss My Love Today

Gilbert O'Sullivan

Miss my love today  
As I miss the stars that shine above  
Telling me one day my love  
Will come to me again

Miss my love I'd say  
Is the only thing that I can do  
I just can't live with someone new  
Reminding me of her

She said before she left  
That she would return to me  
Although it may take quite a  
While I know  
That she'll come back  
And once again the time  
To fall in love will still be mine  
Till then I'll wait in morbid company

Miss my love I do  
Just as one would miss both day  
And night  
Waiting here alone is not right  
But what else can I do?
