

# What Is It About My Girl

Gilbert O'Sullivan

Despite the weather turning colder than it's ever been  
Despite the queues you have to join to get the passport seen  
Maybe it's written in whatever star you care to name  
Maybe it is all evidence [?]

What is it about my girl  
That makes me so happy  
What is it about my girl  
That makes her so sweet  
What is it about my girl  
That makes me so happy  
What is about her  
Take a look if you're looking to see

Could be the nights we spent tucked up inside each other's arms  
Maybe the clothes she chooses not to wear shall meet her charms  
No [?] fancy [?] away fromy here  
It begs the question that goes [?] times is near

What is it about my girl  
That makes me so happy  
What is it about my girl  
That makes her so neat  
What is it about my girl  
That makes me so happy  
What is about her  
Like I say you'll be in for a treat, yeah

What is it about my girl  
That makes me so happy  
What is it about my girl  
That makes her so sweet  
What is it about my girl  
That makes me so happy  
What is about her  
Take a look if you're looking to see

She likes to cook at home as recipes you can't mistake  
While eating up's a pleasure nothing beats a meal she'll make  
I don't know anyone who doesn't fall under her spell  
She'd come up smiling [?] somehow fell

What is it about my girl  
That makes me so happy  
What is it about my girl  
That makes her so sweet  
What is it about my girl  
That makes me so happy  
What is about her  
Take a look if you're looking to see

What is it about my girl  
That makes me so happy  
What is it about my girl  
That makes her so neat  
What is it about my girl  
That makes me so happy

What is about her  
Like I say you'll be in for a treat, yeah
