

Punk Rock Pollution

Gilby Clarke

I think you're really weird
Damned and neurotic
That green hair's kinda queer
And it really makes me sick
If talk is so cheap
Then your bullshits expensive
Wash your mouth you stink, Dangerous and vicious
Like you, incarcerate me now

Can't breathe, don't need Punk rock pollution
Can't breathe, don't need Punk rock pollution

Somebody strung me up Violent stupid drunks
Suffocate me now
Don't leave me here in rehab bad Clash,
Used up New York Dolls

Can't breathe, don't need Punk rock pollution
Can't breathe, don't need Punk rock pollution

I think you're really weird
Damned and neurotic queer
Incarcerate me now, disintegrate me
Wash your mouth you really stink,
Dangerous and viscous piece of shit

Can't breathe, don't need Punk rock pollution
Can't breathe, don't need Punk rock pollution
Can't breathe, don't need, neat, neat, neat, neat
Punk rock pollution
