

# Fall Out Of Love

Gin Wigmore

I'm only alive when I'm in your world  
(Only alive in your world)  
then how do I live without being your girl?  
(You make this world feel like)

Am I a fool?  
(A fool, a fool for you)  
Falling for you  
(Falling, falling for you)

I just wanna fall, I just wanna fall  
And please let me fall, please let me fall  
Out of love with you  
(Out of love with you)  
Out of love with you  
(Out of love with you)

I'm black-eyed and blue drinking strawberry wine  
(Drunk on that strawberry wine)  
I carved out my heart, tried to leave you this time  
(Try and I try to leave you)

Am I a fool?  
(A fool, a fool for you)  
Falling for you  
(Every time...)

I just wanna fall, I just wanna fall  
And please let me fall, please let me fall  
Out of love with you  
(Out of love with you)  
Out of love with you  
(Out of love with you)

I just wanna fall, I just wanna fall  
And please let me fall, please let me fall  
Out of love with you  
(Out of love with you)  
Out of love with you  
(Out of love with you)
