

Hand Over Heart

Gin Wigmore

Tell me where it hurts
Show me your scars
Don't you worry I can fix it for you
You still got your head
You still got your heart

So sing Hallelujah

Promise me
You'll always be
My best friend
Day and night
We'll always be
All right
So tear these four walls down
I love you
And I care about what happens to you
Anywhere you go I will be there
In your corner
Waiting to
Follow you down
Follow you down
To anywhere you go I will
Follow you down
Hand over heart
You are the greatest thing to ever happen to me

You got the magic to light up the stars
It's like the world is spinning just for you
We still got each other
And we made it this far

So sing Hallelujah

Promise me
We'll always be
Best friends
Day and night
We'll always be
All right
So tear these four walls down
I love you
And I care about what happens to you
Anywhere you go I will be there
In your corner
Waiting to
Follow you down
Follow you down
To anywhere you want to go
Follow you down
Hand over heart
You are the greatest thing to ever happen to me

So sing Hallelujah
