

In My Way

Gin Wigmore

I will fight
And decide
All for you
My reflection said to die
From the pain
Till the plane
As a place for an all

And to have you, to hold you
I wanna keep you within
Feel the touch of your skin
I wanna have you forever in my way

You set me on flame
Set me on flame
I wanna have you forever in my way
Set me on flame

Swallow my drink
To the heart
To the thought
That some day you will say
I'm the one
One for you

To have you, to hold you
I wanna keep you within
Feel the touch of your skin
I wanna have you forever in my way

You set me on flame
Set me on flame
I wanna have you forever in my way
Set me on flame

You set me on flame
Set me on flame
I wanna have you forever in my way
Set me on flame
