

# Appaloosa

Gino Vannelli

Appaloosa, runnin' wild in the dead of the night  
Appaloosa, you're the message of love and light

Apparitions, they grow wild in the plains of my mind  
I get visions of the mountain that I must climb

Freedom ain't no illusion  
A truth no money can buy  
With your sweet absolution  
I will follow my star  
For the rest of my life  
It goes on and on

Appaloosa, runnin' high in the heavens above  
Appaloosa, you're the angel of god I love

Freedom ain't no deception  
A truth no man can deny  
With your love and direction  
I will follow my star  
For the rest of my life  
It goes on and on

Appaloosa, appaloosa, appaloosa, appaloosa  
Appaloosa, runnin' wild in the wake of the dawn  
Appaloosa, you're the spirit that turns me on  
Appaloosa, appaloosa, appaloosa, appaloosa...
