## **Lost And Found**

**Gino Vannelli** 

I was lost then I was found your love has turned my life around You gave me hope when hope was running low I was dead now I'm alive your faith allowed me to survive You touched my life when I was touch and go I tripped the light fell into a trance I tendered the song in my soul for dime and a dance A line of tears a stash of shame A fool lost in a losing game this whole life through 'Til there was you I was lost then I was found your love has turned my life around You gave me hope when hope was running low I was dead now I'm alive your faith allowed me to survive I lost my heart my head my watch and my will Enchanted by lawyers in love and a little white pill A king a clown a falling star For rich for poor still there you are God only knows I love you so I was lost then I was found your love has turned my life around You gave me hope when hope was running low I was dead now I'm alive your faith allowed me to survive A king a clown a falling star For rich for poor still there you are A rush a ride a rock a rave A dead man walking on the waves A life the only love could save I was lost then I was found your love has turned my life around You gave me hope when hope was running low I was dead now I'm alive your faith allowed me to survive
