

Shape Me Like a Man

Gino Vannelli

Spark my body into existence
Breath your life into me
Fill these eyes with temptation
Work your mystery
Make me in the image you desire
Raise me up from the earth
Let me be your creation
Women, give me birth

Take me in your hands
And shape me like a man
Shape me like a man
Put this broken body in motion
With a strong and natural drive
Fill my flesh with sensation
Women let me know I'm alive

Take me in your hands
And shape me like a man
Shape me like a man
Like a man
Shape me like a man
Like a man
Shape me like a man
Like a man
Take me in your hands
And shape me like a man
Like a man
Shape me like a man
Like a man
Like a man
Shape me like a man
Like a man
Shape me like a man
Make me like a man
