

# Open Arms

Ginuwine

MMMMmmmm yeah  
Hey hey  
MMMMmmmm

Listen baby, it's been a while since I've talked to you  
And you've talked to me  
So this song is especially for you and I  
Listen closely baby

Why can't we sit by the fireplace and play telepathy  
I wanna read your mind and see if you're thinking about me  
It's been a while since I've sat down and expressed the way that I feel  
But I'm about to cry cause it's too late and the pain is real  
And it's too much to bare and I'm so awfully scared  
I need someone who feels me  
I need someone who loves me

Why do I stay a while with you?  
We can confess what we've been through  
To one another to each other  
There's nothing I'll keep from you  
Why don't you reach and grab my hand  
I'll be the one who understands  
You can count on me  
I won't do you wrong  
I'll be here with open arms  
You can count on me  
I'll be here with open arms

The way that you were talking you  
Telling me that you're just so hurt (so hurt)  
You're insinuations are screaming to me  
That you're really hurt (so hurt)  
I wanna be a mechanic and fix everything that is wrong  
For you to be crying and feeling so down baby that's so wrong  
And it's too much to bare yeah  
You seem so awfully scared  
You need someone who feels you  
You need someone who (loves you)

Why do I stay a while with you?  
We can confess what we've been through  
To one another to each other  
There's nothing I'll keep from you  
Why don't you reach and grab my hand  
I'll be the one who understands  
You can count on me  
I won't do you wrong  
I'll be here with open arms

We'll need no more  
Without each other and not willing more  
No pain just love  
With you that's all I see and nothing 'cause  
And for you I'll give my right and left arm  
I'll forever be a man who won't do you wrong  
Forever love you that's no question

You're the one girl I'm confessing

Why do I stay a while with you?  
We can give back what we've been through  
To one another to each other  
There's nothing I'll keep from you  
Why don't you reach and grab my hand  
I'll be the one who understands  
You can count on me  
I won't do you wrong  
I'll be here with open arms  
You can count on me  
I'll be here with open arms  
You can count on me  
I'll be here with open arms

Oh yes I will yes I will  
I'll be here with o-pen arms.
