

Love Is...

Girls Under Glass

You don't lost love, you just forget it
Whatever she's done to you love will return
[To you]
For love is an eternal flame
And if you've touched the fire once
You'll never be the same again
You don't lost love
You just forget it
Love will leap at you
When you don't expect it
[At all]
For love is in
Any living thing
And if you open yourself
You'll feel it when you breathe in
[And out]
You don't lose love
You just forget it
Keep believing in love
It will come to you
[Sometime]
For love is a well that never dries
Its waters flow in anyone
It's the power of our lives
