

Let us go where nothing matters but your dream and mine
Let us find a dream and get lost in time
Let's get lost where theres no right or wrong
Let us find a dreamland and sing a song
Let's share a dream in a dreamland
Come and follow me into my dream
Show me your dream in your dreamland
Sing me to sleep I wanna dream
Let us find a dreamscape deep beneath the sea
Under water heaven for just you and me
Let's get lost where there is no right or wrong
Let us find a dreamland where we sing along
