

# Don't Walk Away

Girlschool

Run and hide time after time  
You got the power to hypnotise  
Running for cover your promises were lies  
I got the message from the look in your eyes

Don't walk away  
You give me all I need  
Don't walk away  
Won't set you free

Once bitten, no compromise  
The feeling's gone and it's no surprise  
We're out of touch out of love once more  
So watch your step 'cos you're gonna take a fall

Don't walk away  
You give me all I need  
Don't walk away  
Won't set you free

Face to face eye to eye  
I've got the power I've seen your disguise  
Love is blind but I've opened up my eyes  
And soon you'll see it will be your turn and cry
