Since I Fell For You

Gladys Knight

When you just give love and never get love You?d better let love depart I know it's so and yet I know I can't get you out of my heart

You made me leave my happy home You took my love and now you're gone Since I fell for you

Your sweet love brings such misery Misery and pain I guess I'll never, never, never Never, never be the same Since I fell for you

It's so bad, it's so sad but I'm in love, in love with you You love me but then you turn around and snub me Oh, what am I supposed to do?
I'm still in love with you

I guess, I, I guess I'll never see the light I get the blues most every night, every night Since I fell for you

Ooh, what a day, ooh, when I met ya How would I know? Ooh, but what can I do? Because I'm still in love with you

I guess I'll never, never
Never, never, never see the light
I get the blues most every night, every, every night
Since I fell for you, since I fell for you

What can I do without you?
