Where Peaceful Waters Flow

Gladys Knight

Come and walk with me
We can go where peaceful waters flow

If loneliness surrounds you And rain clouds always hang around you And wakin? up each day gets you down Gets you down, gets you down

And if the life that you?re leading Seems hollow then maybe What you?re needing Is someone to turn your world around?

Take my hand Come take my hand And walk with me and walk awhile Let me teach you how to smile

Let me teach you how to smile And I?11 show you skies And I?11 show you skies where gentle breezes blow Where breezes, gentle breezes blow, yeah, hey

And I?11 take you where peaceful waters flow Peaceful waters flow

If you let me, I?ll take you
Where peaceful waters flow
Come and walk with me, mmm, hmm
We can go where peaceful waters flow

Now if the sunshine hurts your eyes, boy Then it?s time for you to realize, boy Beyond this moment there?s a better day Better day, mmm, hmm, better day

And if you let me I?ll guide you, mmm I?ll always be there, right there beside you Reaching every step of your way

Come take my hand and walk

Come take my hand and walk with me awhile

And walk awhile, yeah, hey, hey

Let me teach you how to smile

Let me teach you how to smile
And I?ll show you skies, I?ll show you skies
Where gentle breezes blow
Where breezes, gentle breezes blow, hey, yeah, hey, hey,

And I?11 take you where peaceful waters flow Peaceful waters flow

Hey, hey, if you trust me I?ll take you there where peaceful waters flow Come and walk with me, mmm, hmm

We can go where peaceful waters flow
