

Break

Glamour of the Kill

I got this voices running through my mind
I'm Never satisfied, It happens every time
I always crave the most sadistic acts
a ninfhomaniac
I think i need someone who's gonna

Break! Break! Break!
My heart baby
I just cant get enough
And you are driving me crazy
Break! Break! Break!
My heart baby
C'mon C'mon
I'm waiting for you

You know i love you when you take control
rip apart my soul
And tell me that im worthless

I'm all yours, so dont hold back
give me a heart attack
i'm know that youre the one

Break! Break! Break!
My heart baby
I just cant get enough
And you are driving me crazy
Break! Break! Break!
My heart baby
C'mon C'mon
I'm waiting for you

There is a sick and twisted side to me
I love you when you give me what i need
I know it shouldnt but it feel so right
You are the one and only remedy
you make me feel alive when i can breath
I know it shouldnt but it feel so right

Break! Break! Break!
My heart baby
I just cant get enough
And you are driving me crazy
Break! Break! Break!
My heart baby
C'mon C'mon
I'm waiting for you

Break! Break! Break!
My heart baby
C'mon C'mon
Break! Break! Break!
I'm waiting for you
Break! Break! Break!
