

Feeling Alive

Glamour of the Kill

Everybody in this place
Is only here for one thing
And everybody know's my name
I've got a feeling this is gonna get insane

So let's make this our night
Whoa, whoa
It's time to show this city what we're made of

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive, feeling alive

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive

Now you've gotta understand
I have the needs of a man
And if this all goes to plan
You're gonna be just another one night stand

So let's make this our night
Whoa, whoa
It's time to show this city what we're made of

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive, feeling alive

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive

Hey!
Feeling alive
Hey!
Feeling alive
And if this night goes to plan

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive, feeling alive

Setting our sights
On losing our minds
Stood side by side
And we're feeling alive

Feeling alive!
Feeling alive!
Feeling alive!

Feeling alive!
OH!
