

Beyond poor  
Beyond ostracized  
Destined to be obscured  
Beyond right in your offset eyes

On dominus ground  
If what I say isn't true  
I do it to reason with you  
Kiss and no tell  
The police down at the motel

I'm aware, I see  
Yet somewhere as you reach down  
I'm afraid you'll want me to go without

I'm aware, I see; yes, I do  
Yet somewhere as you reach down  
I'm afraid you'll want me to go without  
To return what I've given out

Beyond poor  
Beyond ostracized  
Destined to be obscured  
Beyond right in your husband's eyes  
Does he bow when you're around?

What I say isn't true  
But I do it to reason with you  
Kiss and no tell  
The last man in was the first to take the vow

I'm aware, I see; yes, I do  
Yet somewhere as you reach down  
I'm afraid you'll want me to go without

I'm aware, I see; yes, I do  
Yet somewhere as you reach down  
I'm afraid you'll want me to go without  
Return what I've given out
