

## cut and run

Glassjaw

A too mortal war  
And simple mind  
I'm standing beside myself  
Standing beside myself

Cut and run  
Take what you paid for  
Cut and run

Hole in the wall  
Get what you give  
And take what you paid for

Faith caving in  
And blind lead blind  
And I stand beside, beside myself  
Standing beside myself

Cut and run  
Take what you paid for  
Cut and run  
Take what you paid for

Hole in the wall

A too mortal war  
And simple mind  
Standing beside, beside myself  
Standing beside myself  
A too mortal war
