

Without a reason  
There is nothing left to say  
You pray for division  
But the hope gets in the way

I must say, please don't let me down  
Please don't let me down

How long I have been willing  
How long before I breathe you out?

Without a reason  
There is nothing left to say  
Hopeless provisions  
The tongue gets in the way

Still I say, please don't let me down  
When the man comes, he'll pay to say  
That happenstance gets in the way

How long I have been willing  
How long before I breathe you out?

If the sun beats down on me  
It would be a shade of halo  
You've never, never, never, never...

Please don't let me down  
Please don't let me down

How long I have been willing  
How long before I breathe you out?
