

new white extremity

Glassjaw

Hey
The writing on the wall is fading
And no heroes
Yeah
Hell before you
Never to come back
New neighbor
You are my

Homewrecker bleeding the last one
The last one
Nothing's bigger than nothing

Give
Me your secrets
New neighbor
Just like cancer
Young dreamer
You were my

Homewrecker bleeding the last one
The last one
Nothing's bigger than nothing

I'm searching for a familiar face
In my surroundings
I'm searching for a familiar face
In my surroundings

I need you broken and pale
Bloody and scared
I need you broken and pale
Bloody and scared

I'm searching for a familiar face
In my surroundings
I'm searching for a familiar face
In my surroundings
