

## strange hours

Glassjaw

[Verse 1]

All is burned  
The devil made me  
Every hour  
Down to the wire  
Tell me that you'll be  
Deafening the silent under me

[Pre-Chorus]

Freezing over  
I will answer you in kind  
Answer you in kind  
Freezing over  
I will answer you in kind  
Answer you in kind

[Chorus 1]

Strange hours through my fingers  
Time standing still  
Pretty hell

[Verse 2]

All is ravaged  
I stay awake  
Tell me it's easy  
Godless one sighing inside me

[Pre-Chorus]

Freezing over  
I will answer you in kind  
Answer you in kind  
Freezing over  
I will answer you in kind  
Answer you in kind

[Chorus 2]

Strange hours through my fingers  
Time standing still  
Pretty hell  
Pretty hell
