

The Prettiest Thing on Saltcoats Beach

Glasvegas

Go write a message in the sand
Of what you want to say to me
Ice-cream won't be long
Now that I'm here with you

The glistening sea runs through your hands
As you float upon the sparkling sands
The setting sun shines on your hair
I'm walking on the salty air
You are... the prettiest thing
On Saltcoats Beach

Hand in hand
We stare across the oceans waves
Promise me
We'll do this again some day

The glistening sea runs through your hands
As you float upon the sparkling sands
The setting sun shines on your hair
I'm walking on the salty air
You are... the prettiest thing
On Saltcoats Beach
