

Sweet Fantasy

Glen Campbell

I had a dream and I saw you standin'
And you were shinin' just like an angel
I'd like to thank you for standing by me
When things were darker you held the candle

Do you remember when we took a dream
And then turned it into today together
Dreamin' seems to carry me back
To where I wanna be
Wrapped up in your arms and feeling better

Rivers will run, mountains will rise
I love you more than the stars in the skies
I'll never treat you wrong, won't make you cry
Just sing you sweet love songs, won't tell you lies

Wouldn't you like to go ridin' with me
Into tomorrow, oh, sweet fantasy

Rivers will run, mountains will rise
I love you more than the stars in the skies
Cherish what you sweet remember
Running through the sands of time
Cherish it with all that's in you

Rivers will run, mountains will rise
I love you more than the stars in the skies
Rivers will run, eagles will fly
I love you more than the stars in the skies
Yes, I love girl, yes, I love girl, yes, I love girl
