

I Wanna Go Deep

Glenn Lewis

You're hotter than the sun
June from September
Girl I remember you you you
You said you never
Felt love so tender
Allow me to introduce

Myself to your body
So intimately
Till we become one, one, one
Let me lead and you follow
No need to swim in the shallow

I wanna go deep,
Deep as the pacific
Till the point that it's hard to breathe
I want go deep,
Let's get lost in space
Make it so hard to reach
And I'm loving you crazy
Loving you crazy
Loving you crazy
Loving you crazy
It's that pretty smile driving me wild
I'll give your body what it needs
I wanna go deep

Baby girl you're so, you're so official
How you put that on me
I can't deny it, no reason to fight it
We got a chemistry

No need for talking no need to explain
Sometimes words get in the way
Baby I'm diving,
Breast stroke, right stroke, left stroke
Butterfly baby I

I wanna go deep,
Deep as the pacific
Till the point that it's hard to breathe
I want go deep,
Let's get lost in space
Make it so hard to reach
And I'm loving you crazy
Loving you crazy
Loving you crazy
Loving you crazy
It's that pretty smile driving me wild
I'll give your body what it needs
I wanna go deep

Girl I wanna be in your love
So deep that I can't see the sun
Make this moment for you and I
Let's give in

Ain't no mystery what you doin to me
Baby keep telling me yes don't say no
I'll do your body right
Baby don't get scared 'cause I
I'm all that you need

I wanna go deep,
Deep as the pacific
Till the point that it's hard to breathe
I wanna go deep,
Let's get lost in space
Make it so hard to reach
And I'm loving you crazy
Loving you crazy
Loving you crazy
Loving you crazy
It's that pretty smile driving me wild
I'll give your body what it needs
I wanna go deep
