

## Say It

Glenn Miller

Say it over and over again  
Over and over again  
Never stop saying you're mine  
Say it ever and ever so sweet  
Ever and ever so sweet

Just like an old Valentine  
When you say "I love you"  
The same old "I love you"  
They whisper in stories and plays  
You can change "I love you"  
The same old "I love you"

To oh! Such a heavenly phrase  
So say it softly and gently and then  
Over and over again  
Never stop saying you're mine
