

## Satanists out of Cosmic Jail

Glorior Belli

Free at last,  
Satanists out of cosmic jail  
Hammering drums,  
Echoes of our past break the spell  
Immured by the demiurge  
Hammering drums...  
That originate from the void

Satanists out of cosmic jail  
Loaded with madness  
That fuels our burning souls  
Satanists out of cosmic jail  
Once again shall all our evil wrath unroll

Yet chase us as villains cherish  
The sight of the cosmic blemish  
We spirits, swirl, we are awake  
To the sound of the chains that break
