

Desert Stranger

Gloryful

Tracks in the sand
Deep in the wideness
Embraced by silence
He walks alone
To meet his fate

In a world that's down and broken
Living close to the end
On the edge of all existence
He brings life to ashes and sand

Break the spell
Swear the oath
Free her spirit
Break the spell
Swear the oath
Sedna rise again

He's the desert stranger
Open the gate
He's the desert stranger
Fulfil our fate

Endless the path
Endless the time of searching
Unbroken is his will
To fight the evil
To revive the god

Feeling numb in our weakest moment
Our only hope a rebellious mind
To bring us freedom
To end the oppression
In the dark there's still light he'll find
