

# u only call me when it's raining out

Gnash

I bet you'd wish that you ain't played me now  
Played me now  
Played me now

I don't think that you can save me now  
Save me now  
Save me now

You ain't the one that I'm calling baby now  
Baby now  
Baby now

You only call me when it's raining out  
Raining out  
Raining out

Been there, done that, seen it all before  
Opened all these windows when I closed up all our doors  
Spilling your feelings and slipping on these kitchen floors  
Try to work it out but working out just got me sore  
All your secrets kept in chambers  
Close closed doors on my porch, now I'm hanging by hangers  
Could've curled your toes instead of pointing them fingers  
So now we're back to how we started out... As strangers

I bet you'd wish that you ain't played me now  
Played me now  
Played me now

I don't think that you can save me now  
Save me now  
Save me now

You ain't the one that I'm calling baby now  
Baby now  
Baby now

You only call me when it's raining out  
Raining out  
Raining out

Been there, done that, seen it all before  
Opened all these windows when I closed up all our doors  
In your basic car with your basic heart  
And we're basically apart in your basic apart...ment  
Meant to say something as you walked out the door  
I'm so done with all your gimmicks, I ain't begging no more  
I love the way you hate me, I hate the way you made me  
I love the way you slave me but I hate the way you played me

I bet you'd wish that you ain't played me now  
Played me now  
Played me now

I don't think that you can save me now  
Save me now  
Save me now

You ain't the one that I'm calling baby now  
Baby now  
Baby now

You only call me when it's raining out  
Raining out  
Raining out
